

P **POZZTECH** **ENGINEERING**

VISION STATEMENT

POZZTECH ENGINEERING is a Small size Company in the Metal Fabrication Industry. It is the goal of the Director to be the preferred supplier in Western Australia. POZZTECH ENGINEERING is committed to providing our customers with quality products at a competitive price. POZZTECH ENGINEERING will be pro active in providing a service, expertise and flexibility to our customers that is second to none.

This will be achieved by acknowledging and improving our employee skills and by implementing the latest technologies to all facets of the company's operations.

QUALITY POLICY

POZZTECH ENGINEERING is committed to providing a quality product that complies and exceeds client's specifications and requirements. We have established and will maintain an effective Quality Management system which meets the requirements of AS/NZS ISO 9001:2015 as a minimum. The company's processes are described in the Quality and Procedures Manual.

VALUES

CUSTOMERS

POZZTECH ENGINEERING will ensure that all our customers receive the highest quality product and service on time and within budget, provide flexibility to achieve the customer's needs and have procedures and policies which embrace our client's values.

SAFETY

All persons in POZZTECH ENGINEERING will work in a safe manner and will be provided with training, expertise and a safe working environment. All safety regulations, standards and procedures will be achieved and exceeded.

QUALITY

POZZTECH ENGINEERING is committed to supplying to our customers a product that complies in all respects to the customer's specifications and requirements.

ENVIRONMENT

POZZTECH ENGINEERING will be proactive in working within the environmental guidelines. We will be committed to protecting the environment and the protection of our workforce

COMMUNITY

POZZTECH ENGINEERING is committed to making a positive impact in the community, we understand that the communities in the areas in which we operate, and the individuals who belong to those communities, are involved with our success.
